

Saviance Technologies Launches ‘Viburnix’

India’s First Integrated Alumni Management & Collaboration Solution

New Delhi, November 23, 2010: Saviance Technologies, a IT Consultancy and Cloud Software Solutions company, today launched ‘Viburnix’, a first-of-its-kind, comprehensive solution which caters to the specific ‘Alumni’ requirements’ of corporate, universities, colleges, schools and other educational institutions. Viburnix provides a unified communication and a collaborative platform to create multiple points of adhesion throughout an institution. This product enables institutions in brand building, social and professional collaboration, event management, real time communication, knowledge repository and providing career opportunities.

Viburnix is based on SAAS technology and is hosted via the Cloud platform. Despite being hosted on the cloud the solution is completely secure with regular backups and storage in place, thus providing greater accessibility of the data. The solution is WAP enabled and can be easily accessed on your mobile devices.

“Alumni relationships are powerful business tools since many of the alumni hold key decision-making positions with corporations all around the world. This is the first time that dedicated efforts are being put into ensuring a unified cloud solution caters to fulfilling the needs of Alumni relations under one roof. Viburnix is a seamless collaborative platform offering customizable alumni solutions with an added advantage of personalizing every aspect of software.” said **Mr. Rohit Mahajan, Founder & Managing Director, Saviance Technologies.**

Viburnix has been successfully deployed at leading educational institutes in India and the US including Faculty of Management Studies (FMS), Narsee Monjee Institute of Management Studies (NMIMS), Birla Institute of Management Technology (BIMTECH), Whatron Club of India, Harvard Business School – OPM 39, Tata Institute of Social Sciences (TISS), Jaypee Group of Institutions, National Defence College, Master of Finance & Control (MFC), The British School and National Intelligence Education Foundation, US (NIEF).

Dr. M.L. Singla of Faculty of Management Studies says, *“Saviance has been associated with the FMS Alumni Association as a solution provider for our Alumni Relationship Management. We have experienced a wonderful implementation and execution of Viburnix platform as a result of which our Association has enhanced its presence and communication with our members and other stakeholders. We have no hesitation in saying that the Team at Saviance understands our requirements, standards and they make it happen. We found that Saviance has across-the-board systems capability, deep domain expertise and leading technology platform”*

Key features of Viburnix include Brand Building, Effective Communication, Enhanced Alumni Collaboration, Customizable Socializing Tools, Controlled Administrative Tools and Online Pay Pal enabled transaction system, Discussion Groups, Customized Email features, Notice Board, Online Chatting, SMS Integration, Newsletter Management and Weekly Digest Mails, photo gallery, embedded videos, group blog, a knowledge base and polls on different relevant topics. Additional tools offered by Viburnix which are optional are Strategizing and developing Alumni Engagement Plan along with the

client, managing the alumni affairs, professional team of experts, implementation of best practices, detailed regular reporting, presentations and updates on the progress of the project.
